The Club represents members interested in motocross riding and racing. The club runs regular practice days and a 5 round, race series between October and March each year. There is a mini track and a main track, which are regularly groomed and irrigated to provide one of the best MX tracks in NZ.

Located next to The Tauranga Motorcycle Club compound, is the Council built public staging area and a family/beginner circuit and tracks, which have been cleared to provide a basic off-road challenge.
